

CHC43121 Certificate IV in Disability Support

Are you looking to progress your career and continue to support & empower individuals with a disability?

Develop your skills and become a proficient and professional Disability care and support worker, one of the most vitally important career paths in the community services sector.

CHC43121 Certificate IV in Disability Support reflects the role of workers in a range of community settings and clients' homes, who provide training and support in a manner that empowers people with disabilities to achieve greater levels of independence, self-reliance, community participation and wellbeing. Workers promote a person-centred approach, work without direct supervision and may be required to supervise and/or coordinate a small team. Equip yourself with the skills needed to provide exceptional care for individuals with disabilities and join us in shaping a brighter future for our community.

This comprehensive course will prepare you to make a meaningful difference in the lives of those who need it most. Deliver personalised support to empower your clients in reaching their full potential, actively participating in their community, and striving towards their individual goals.

In this qualification, you will undertake a series of units designed to develop your skills and gain an understanding of the roles and responsibilities of a professional Disability support worker. These units will equip you with the knowledge and competencies required to obtain and excel in your role, emphasising compassion and ethics.

Career Prospects

- Disability Support Worker
- Community based Support Officer
- Disability Team Leader

Support and Delivery

METS Training Services are committed to providing our Learners with the support and resources necessary to enhance their training experience. We offer a range of standard and specialist student services to meet your needs across all modes of delivery.

Our students receive ongoing support from their own METS Trainer by regular visits to their service, via our METSOnline training portal, phone, email or online meetings. Learners also have access to METSOnline for all learning materials, assessment submission and enables communication of valuable information with students and ensures flexibility & accessibility to records and resources 24 hours a day, 7 days a week.

Whatever your needs or circumstances, we have the people, resources, facilities to support you in progressing in your studies.

*If for some reason you do not have access to the internet, please contact our office to arrange an alternative study solution. Hard copies of learning materials can also be provided on request.

Skills Recognition

Students may have attained knowledge and skills in the workplace and/or competencies in one or more units. RPL (recognition of prior learning) and CT (credit transfer) are available for each unit of competency, based on evidence provided, relevant workplace experience, formal training or other expertise relative to the sector.

Work Placement

Units within this qualification require students to complete work placement hours in a registered and approved disability, aged care, home and community or community service facility supporting individuals with a disability. These hours may be completed as part of the student's paid employment or as an unpaid practicum. Your METS Trainer will visit the workplace to assess learners on the job and/or via video conferencing throughout the qualification.

Your Trainer and METS staff are available if you need any assistance with discussing the arrangements with your chosen organisation or employer.
