- Workplace based with access to METSOnline LMS
- Virtual, instructor-led training in online classes
- Face to face classroom sessions (for group bookings)
- Online self-paced sessions (for group bookings)
- Small group workplace/ work experience based.

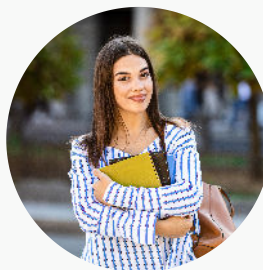

At METS, we value diversity and inclusion and believe that everyone has the potential to learn. Our customer-centric approach enables students to gain knowledge and skills that are essential to a job, but also relevant to their personal career aspirations and professional growth.

Our trainers

Our qualified and experienced trainers deliver quality training through innovative and creative approaches, and have a thorough understanding of the needs and demands of the sectors in which

they specialise. They are committed to continuous upskilling, staying current with teaching practices, sector trends, and legislative requirements to ensure the highest standard of training. **Our trainers understand the needs, wants and career aspirations of students and offer learning options to best support them.**

Our learners

We cater to learners as individuals or in groups, and work with small, medium and large businesses, school industry partnerships, government, employment service providers, community groups and

not for profit organisations. The METS qualifications are highly regarded by employers across many sectors. **Training outcomes achieved through METS are well above the Australian National Averages**, reflecting the calibre of our learners and the delivery and support they receive from our trainers and student support teams.
