

HLTAID012

Provide First Aid in an Education and Care Setting

This unit is aimed at Learners who may need to provide a first aid response to infants, children and adults while working in an Education and Care Setting (including asthmatic and anaphylactic emergencies). This includes early childhood workers and educators who work with school age children in outside school hours care and vacation programs.

HLTAID012 Provide First Aid in an Education and Care Setting describes the skills and knowledge required to provide a first aid response to infants and children in line with first aid guidelines determined by the Australian Resuscitation Council (ARC) and other Australian national peak clinical bodies.

This unit of competency may contribute towards approved first aid, asthma and anaphylaxis training under the Education and Care Services National Law, and the Education and Care Services National Regulations (2011).

Certification

Upon successful completion of enrolment, training and assessment, competent learners receive a Statement of Attainment for: HLTAID012 Provide First Aid in an education and care setting (valid for 3 years) which includes HLTAID009 Provide cardiopulmonary resuscitation (valid for 12 months), HLTAID011 Provide First Aid (valid for 3 years) and HLTAID010 Provide basic emergency life support. Learners can do a refresher course with METS and recertify their skills at any time.

Cost

\$150 per person

Ask about our discounted group bookings.

*PLEASE NOTE: All current METS CHC30121 Certificate III in Early Childhood Education and Care Learners are not required to pay as this unit is included as part of their Qualification)

HLTAID012 Provide First Aid in an Education and Care Setting

Pre Requisites

Participants must be 14 years of age or over (under 18s must provide a parent or guardian consent). This course requires every participant to complete a variety of First Aid scenarios including practical assessments. If your health/fitness restricts you from completing all required scenarios, you still will be able to participate but may not be eligible to receive the nationally-recognised First Aid certificate. Following the guidelines set by the Australian Resuscitation Council (ARC), METS recommends first aiders also update their CPR skills every 12 months.

Delivery

Full day face to face workshop + Online pre-course questions

All learners are required to complete their pre course work via METSOnline prior to attending
